. In the meanwhile, these need to be remedied because many people did not have time to hear and understand those, therefore, the non-voiced ones cannot be emphasized. You will find that most of the talks do not work the same way with emphasis and most of them do not work the same way when there is no pause or when the speakers are not speaking. Also, the pronunciation is important. At one time, some words do not have time to be pronounced. They usually say something without being understood or they talk too fast. I realize that it is necessary to talk fast because we are not just speaking to listen to, we are going to talk and be understood by other people. I do not mean that you should not have a conversation with your friends. I mean that most of us cannot handle it when we are speaking to someone we do not know or when we are speaking to someone that we are not familiar with. In these cases, you should not speak too fast because it is important to speak slowly in order to be understood. If you do not speak slowly and do not speak properly, it is very possible that you might not be understood and it will be very embarrassing to you. I believe that when we are speaking to other people, we should speak more slowly and to the point. Also, when we do not know what to say to the person we are speaking to, we should have something written down. There is no use in

talking when we do not know what to say to the person we are speaking to. In this case, we should go home and write down what we should say to that person. If you are working in the company, then you should speak more slowly. You should not only speak the words you want to say, but you should also explain what you are doing, and why you are doing it. These things will make you and other people more comfortable to work with you. Also, you will have a better performance at your work. You should also not make many of the same mistakes as the person you are speaking to. When we are in a meeting, we can have a lot of things written down. In this way, we can have an idea of what we have to say and when we do not have the answers, we can look for them. Also, it is important that we remember what we say because when we forget what we have said, it is very possible that we might repeat it to the person we are speaking to. If we are not speaking in an appropriate manner and 82157476af
